Micro Traveler 900LS- Super mini wireless notebook laser mouse
Micro Traveler 330LS- Super mini notebook laser mouse

Here is the next generation of the popular Micro Traveler family from Genius. Experience the most mobile and super mini size laser notebook mouse on the market today. The new Micro Traveler design is available in both wired and wireless solution ~ M*icro Traveler 330LS* and *Micro Traveler 900LS,* respectively.

Micro Traveler 330LS

Featuring an advanced 1600 dpi laser sensor, ***Micro Traveler 330LS*** and ***Micro Traveler 900LS*** uses an advanced laser engine for high tracking precision and more accurate control using less surface, so you can browse documents or Internet pages effortlessly. Plus the super mini size and light weight design is ideal for any mini notebook.

Micro Traveler 900LS

Micro Traveler 900LS has a super small Pico dongle and you can easily place it inside the mouse for travel. It uses 2.4GHz digital cordless technology for a longer range of working distance (up to 10 meters away) compared to traditional wireless devices, and delivers interference-free operation.

The best choice for notebook users who are always mobile, is the ***Micro Traveler 330LS*** or ***Micro Traveler 900LS***. Contact your sales representive now for more information.
